

FORTUNE PHOTOBOOTH BASICS

I really feel that we have the best portable event photo booth rental kit available. We not only sell them, but we run a rental biz with 6 of them here in the NW. Our booth has a great combination of features;

The booth is easily packed up into 3 cases which fit into most vehicles,
The booth is custom designed/printed to your business,
The booth has a great photo booth feel for your clients,
The booth comes with our personal support to get you up and running quickly,
The booth is flexible with components that you can swap and upgrade, without feeling like you have a franchise that is beholden to my company, it really is your booth.
The Booth is upgradeable, We are working hard to be cutting edge in our software and hardware offerings to make sure you stay competitive in your market.

First the Standard INFO:

The Deluxe kit includes:

1. Our Fortune PhotoBooth Software
2. The booth structure and ABS panels
3. Curtains and bench cover
4. Equipment cases that convert into a bench.
5. Canon S3IS digital camera
6. Sony UPCX-1 Dye Sub printer and 400 sheets of photo paper
7. A laptop computer to act as the brains of the photobooth
8. An 8 inch monitor so the guests can see what they are doing.
9. Custom printed panels to brand your both
10. One month of deluxe tech support by e-mail and phone
11. One year of web site advertising on our site to get your Google rankings high.
12. And our Big Red light up button

\$5775 with black hard panels that you can customize yourself with adhesive prints (re-usable-long lasting)

Add our videobooth software kit for \$975

This is a complete kit with nothing left for you to purchase to make it work. We also can build the booth package to fit your needs. give us a call if you need a booth structure without the hardware, or we can subtract out components that you already have.

The Bare Bones kit comes with an Epson Picturemate printer, Corrugated black panels, A Logitech Web Camera fro video and stills, no internal monitor, no phone technical support, no web site listing, and a silver button Vs. our Big Red light up button in our Deluxe kit.

The Bare bones kit is still completely functional, but with a slightly longer print time, and lower resolution camera. \$4375

Feel free to call us to help make a decision as to which kit is best for you.

Also available is our web hosting program which for \$750 will get you a web site and domain to help you start advertising immediately. We are here to get your rental business off to a quick start. Soon you will be coming back for booth number 2. In Portland on our rental side (www.portlandphotobooth.com) we currently have 5 booths that can be rented out on the same day.

Options and updates:

The video option is ready! Guests can choose to get a photobooth strip, or leave a video message.

Curtains are now in standard white and our new Red curtain which makes color strips POP! Both are included in the kit!

Video Booth Software: Turn the booth into a video booth, where the clients get to choose to get a strip and then to also leave a video message. Its ready as of this week. The cost will be \$975 to upgrade the booth.

External Monitor Option: With this option you can run a slideshow on the outside of the booth right above the printer slot. The slide show can be the clients images, or your images, or images from the booth. This option adds \$550 to the booth.
Please let me know what other questions you have.

Next we are working on our flipbook software, due out about the end of the year.
